Braman Termite & Pest Elimination
147 Almgren Drive
Agawam, MA 01001

To Whom It May Concern:

We are happy to provide a statement regarding our experience using Braman Termite and Pest Elimination as our pest control service provider.

Prolamina is a manufacturer of flexible packaging materials for the food, health care and industrial/specialty markets. As a manufacturer of food contact packaging a robust integrated pest management (IPM) system is required and is a critical component of our food safety program.

We have utilized Braman's IPM services for a number of years and have been very satisfied with the results. We have found their staff to be knowledgeable, courteous and responsive to our needs.

Whether it's a question during the weekly service call or an inquiry made during a third party food safety audit, the response is always prompt and professional.

Sincerely,

A handwritten signature in black ink that reads "Debra F. Kochanek". The signature is written in a cursive style with a prominent initial "D".
